

Milton Logistics Hub 2017 Public Consultation

September 18 – October 31, 2017

We want to hear from you

From September 18 to October 31, 2017, CN is seeking feedback on proposed mitigation measures for some of the key topics that we have heard about and assessed to date for the Milton Logistics Hub, as well as on potential community benefits that the Project could provide.

The Milton Logistics Hub is needed to serve a growing demand for household goods in the GTHA, and to help local businesses get their goods to and from domestic and international markets.

How your input will be used

CN will consider feedback received during consultation to refine proposed Project mitigation measures and potential community benefits. A consultation summary report, summarizing the input received, will be made available online at cnmilton.ca. CN will respond to feedback received in an input consideration memo, which will also be posted online.

The proposed Project is currently undergoing a comprehensive environmental assessment by an independent joint review panel, under the *Canadian Environmental Assessment Act, 2012*.
